The article title is 'The 10 best sunscreens for oily skin' by Sneha Mankani, dated April 20, 2016. The article has 269 views and social media sharing icons for Facebook, Twitter, Pinterest, and Email. The first paragraph discusses the importance of sunscreen for oily skin, noting that while it's not good enough to just step out without protection, it's a good time to begin if you really need it. The text mentions that excess humidity and slick skin can be a constant struggle, and that lightweight formulas will leave the skin oil-free, matte, and protected. Below the text is a navigation bar showing '7/10' and arrows. The main image is a bottle of Kaya Daily Use Sunscreen SPF 50.
